

Project Ideas

Using RapMan

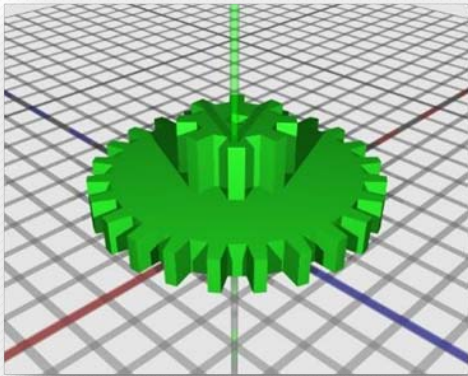

Project Ideas

Additional project ideas.

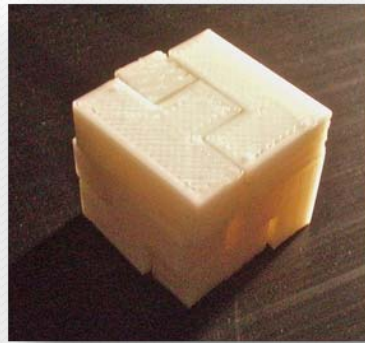

The RapMan is very versatile and without doubt teachers and students will very quickly be thinking up their own project ideas. But here are a few starters.

RapMan need not only be limited to Product Design, RMT, or Engineering. Why not see if you can cross over to include projects for Food Technology or Textiles.

Product Design

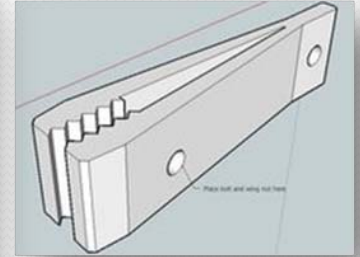

Gears

Puzzles

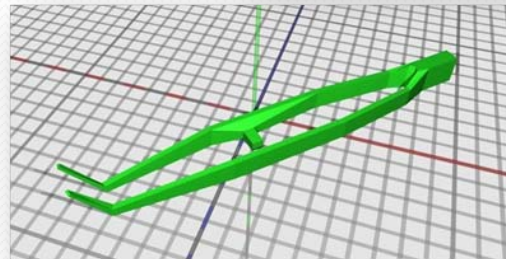

Containers

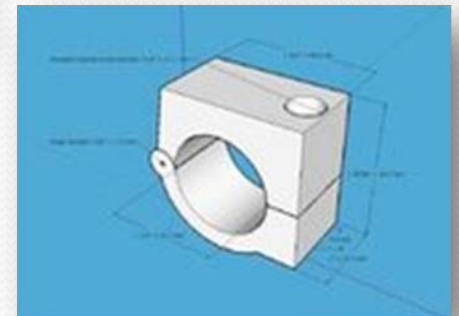

Clips

Product models

Tweezers

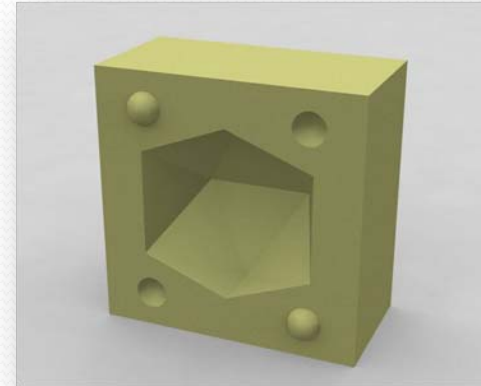

Food Technology

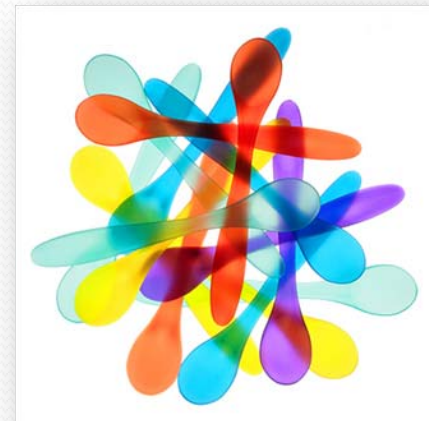

Measuring spoons

Spatulas

Chocolate moulds

Picnic cutlery

Textiles Technology

Hair clips

Bracelets

Shaped buttons

Buckles

Thingiverse

- Need even more ideas?

Try “Thingiverse” a place to share digital designs that can be made into real, physical objects.
